## GOLF WITH A PURPOSE

The PRO is a fund-raising event for Portage Rotary Charities, a local organization, separate and distinct from The Portage Rotary Clubs, that was established for benevolent purposes. Portage Rotary uses proceeds from activities, like The Pro, to fund charitable purposes such as local scholarships for our graduating seniors and residents who are continuing on with their higher education learning, gifts to local non-profit organizations with special needs and many youth concerned activities. The Pro over the years has raised \$300,000 for the above causes.

The Pro is good fun for a great cause! Don't miss it!
